Everything looks different with the spread of the Corona epidemic and the Palestinian Authority took a number of measures to control the Corona virus spreading.

State of emergency is extended. Closure of all commercial and industrial aspects continued which helped a lot in preventing the outbreak of Corona Virus .

But on the other side, people remained without jobs hence affected their ability to pay for the delivery. Moreover, this condition affected the patient's ability to reach the hospital.

The Holy Family Hospital takes all necessary precautions and preventive measures to protect its staff and patients from corona virus

A triage room was implemented at the entrance of the hospital to check all employees and the patients before entering the hospital. Hospital employees were provided with all protective disposable such as gowns, masks, gloves which increased the burden on the operating budget.

But providing safe medical care to the patients and protecting the safety of its staff is one of HFH important mission.

Inside this issue :

- Auditorial
- Baby Kinan
- Monthly Deliveries
- HFH in Figures

As part of the preventive measures “The Police Security” sterilized all hospital facilities in coordination with the Administration of the Holy Family Hospital.

Baby Kinan

On 24th March 2020 Jasmine Felt Pain in her stomach and all over her body she Decided to go to Holy Family Hospital for a Regular Check-up, but because of the strict measures imposed on Bethlehem area due to the corona virus and the barriers implemented around Bethlehem, Jasmine had to walk a long distance to reach the hospital.

She did not expect to give birth, but she was admitted to an urgent caesarean section and gave birth to “Kinan” at 35 weeks of pregnancy, 2270 gram.

Kinan needed intensive care but currently the baby’s situation is good and will be ready to be discharged within couples of days.

Monthly Deliveries
