On May 28<sup>th</sup>, 2020 the Emergency State in Palestine was over and the Government started new procedures to allow life to be back.

Inside the Hospital all protective measures are still implemented since the risk is still high and even higher since life will be back to normal.

Commitment of all of the Hospital Staff members allowed us to overcome the first two months of this pandemic without being infected. With such a great commitment we were able to maintain our mission of providing secured medical care to the women and infant.

Two of Holy Family Hospital Staff gave birth during May 2020, our midwife Christine khair and our Admin Assistant Jumana Sady.

We always share the joy of the birth of new babies at the hospital but these are special since they are part of the family of Holy Family Hospital. We would like to take this opportunity to congratulate them again.

## *Baby Yasime*

From sadness to the joy for new start and hope for a better future

"Holy Family Hospital provided me with a safe delivery, highest standard medical care that pulled me out from the sadness I was living in, gave me the needed strength to overpass the pain of losing my husband and the pain of the delivery, I wish sustainability to such an amazing hospital and staff, I hope this hospital will always be there to provide hope to other women and to help them dream of a better life"

Haneen, 19 year old housewife, got married in 2019 and started forming a new family but unfortunately destiny didn't allow her dream to last, her husband passed away after few months due to a heart attack while he is only 26 year old. Haneen was hoping that her baby will bring her hope and courage. On May 11th, 2020 baby Yasmine was born in good health.

"Holy Family Hospital did not only help me in covering the cost of the delivery which I couldn't afford but also provided me with the needed psychological support to overcome my sadness and helped me take care of my baby"

"I have named my baby Yasmine, which is a name of a flower because I want her life to be as beautiful and bright as the color of the flower"
