Scholarships for doctors through Peres Peace Center

"Medilinks" is a program operated by Peres Peace Center in Israel that was launched in 2009 in response to the lack of opportunities for residencies for Palestinian doctors. The training of doctors takes place in the Israeli hospitals, across a diverse range of specialties and subspecialties in a wide variety of fields, including Emergency Medicine, ENT, Anesthesiology, Pediatrics and pediatric subspecialties. Over 80 Palestinian doctors have participated in this initiative so far, and Dr. Micheline AlQassis, a Pediatrician from Bethlehem will also join the program next month. Dr. Micheline, started working in the Neonatal department at HFH, and was granted a scholarship through the hospital. She will be back to work with Holy Family Hospital after two years of Specialization at "Schneider Children's Medical Center" in Israel.

Follow-up on the renovation works done in the post-natal Department

A Team of the USAID and another from ANERA along with the management of the hospital, had a progress meeting and a site visit to evaluate the works done in the Post-natal Department. The renovations and constructing phases started last month and are expanding quickly to cover all the patients' rooms and other facilities in the department.

Departures From HFH

After 2 years in the Neonatal Department, Dr. Muti' Abu Awwad resigned from his post as a consultant. Dr. Abu Awwad left the hospital to continue his specialization in Neonatology in Toronto, Canada.

As well, Ms. Claire Nocerino, a French midwife volunteer, who joined the team of the hospital last February, left the work and travelled back to her home town.

Wishing them a pleasant future and the best of luck in their careers.
