## Renovation of the Boiler Room Department

One of the oldest departments at Holy Family Hospital, which was never renovated since the reopening of the hospital on 1989, is the Boiler Room Department that is the most important Department at the hospital.

At the end of 2013 the efficiency of the boilers, burners and softeners reached less than 40% that caused several shortages in hot water at the hospital and that put our patients at high risk for contamination mainly our neonates due to the malfunctions of the softeners. Moreover, the pipes were in a very bad situation and almost rusted.

### TO MAKE A DONATION:

BANK ACCOUNT:  
HOLY FAMILY HOSPITAL  
ACCOUNT № : 3890000/0  
WITH

BANK OF PALESTINE PLC  
SWIFT CODE: PALSPS 22  
P.O.BOX 765 - BETHLEHEM WEST BANK VIA ISRAEL      BANK № 89 /BANK BRANCH № 450  
IBAN: PS52PALS045003890000333000000 (EUR)

Moreover and during expansion of the hospital during the past 25 years new pipes were added each time that caused improper arrangement to the system and that toughened the maintenance of the system during the years.

These problems urged the need to conduct a full renovation for the system and thanks to the generous donation of the Swiss Order of Malta and the Holy family foundation a complete renovation was made to this department on November and December 2015. A modern boiler system was built that achieved 100% efficiency in the system that will not only guarantee a clean hot water to the hospital patients but also will reduce the consumption cost for Holy Family Hospital. The total cost of this work reached \$ 205,200.

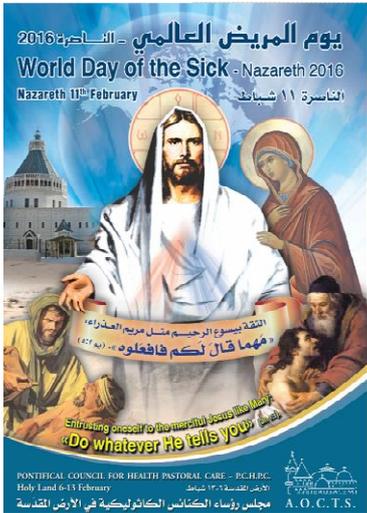

Holy Family Hospital would like to express its sincere gratitude to the Swiss Order of Malta for assisting Holy Family Hospital in having a modern Boiler Room.

## February 's Activity

### The world Day of the Sick at HFH

“Every hospital and nursing home can be a visible sign and setting in which to promote the culture of encounter and peace, where the experience of illness and suffering, along with professional and fraternal assistance, helps to overcome every limitation and division.” said the Pope

The Holy Father has chosen the city of Nazareth for the celebration of the World Day of the Sick on February 11, 2016. It is presided by a Pontifical Envoy with the participation of patients coming from different countries. Therefore, People around the world take this time to pray for the sick and for those who work very hard to alleviate the sufferings of the sick on this day.

With honor, on the 7th February 2016, Holy Family Hospital marked the visit of the Vatican Pontifical envoy along with a huge delegation; most of them are visiting the Holy Land for the first time. H.E prince Dominique De LA ROCHEFOUCAULD-MONTBEL, H.E the ambassador of the Order of Malta Mr. Justin SIMPSON along with the management committee welcomed our highly regarded guests.

A presentation about the history of our mission was conducted by the Chief Executive officer Mr. Denis SEVAISTRE , and a tour to all HFH facilities was made as well.

Our guests were astonished with the high standards, ideal examinations, machines qualities and efficiencies, team qualifications and cleanness of the departments.

**Last but not the least, they wished us a many more success in our mission.**

Holy Family Hospital—Bethlehem

## Merito Melitense Medal

“As we face a world where economic distress is a fact of life, the plight of those who suffer – the poor, the sick, the homeless, internally displaced persons, refugees, the disabled, the elderly – becomes ever more acute. We, as members of a lay religious order with a centuries-old tradition of caring for the poor and the sick, are crucially aware of the need to look to our fellow men. This has been our mission since our foundation and it remains our mission and our focus today.” **Fra’ Matthew Festing, 79th Grand Master**

Stressing on this path of mission The Sovereign Order of Malta France along with the Holy Family Foundation of Bethlehem held an Elite ceremony at Holy Family Hospital, to grant the Governor of Bethlehem, Mr. Jibril al-Bakri and the mayor of Bethlehem Mrs. Vera Baboun with the Pro Merito Melitensi Medal. In which it is given to who have brought honor and prestige to the Sovereign Military Order of Malta and actively promoted Christian values and works of charity.

Both of our Honorable Dignitaries were awarded with this medal for their voluntary contributions, behind-the-scenes, provide extraordinary help and care to the mission and function of HFH.

We would like to express our gratefulness to their immense dedication in which we continue to function to date.

**Mr. Jibril Al Bakri  
Governor of Bethlehem**

**Mrs. Vera Baboun  
Mayor of Bethlehem**

## Health Education session - IbdAA Cultural Center

Holy Family Hospital in cooperation with IbdAA Cultural Center conducted a health education session about the Menopause period on February 25, 2016. IbdAA Cultural Center is an organization that provides social, educational, health and cultural programs for children, youth and women in the Deheisheh Refugee Camp and has been established in the Deheisheh Refugee camp in response to the needs of the population of the camp.

This educational session is part of the activities provided through our Over 45 Well Women Clinic funded by Holy Family Hospital of Bethlehem Foundation in Washington /United states. Dr. Dabdoub, the doctor responsible of this Clinic, conducted the lecture.

Dr. Dabdoub discussed all menopausal symptoms, how to deal with these signs and symptoms, and discussed what is needed in order to prevent and lessen the chronic conditions that may occur with aging.

In addition, concentrated on the issue that women at this age are at higher risk of Cardiovascular Disease, Osteoporosis, Urinary incontinence, Overweight/obesity, Breast cancer, Abnormal Uterine Bleeding, Cervical cancer, Vaginal Dryness, joint pain, high cholesterol level and informed them about our services that we provide at our clinic to assist women in having a better quality of life during this age.

Women shared plenty of their own experiences with these symptoms and problems and one of the main experiences that were shared were related to the breast cancer and the Uterus cancer and the late diagnoses of these diseases that caused the loss of their beloved family members.

These examples were used to concentrate on the need for every woman to conduct the routine Mammography test and the PAP Smear test during this age that are available through the Over 45 Well Women Clinic. A total of 37 women attended the lecture. The women were glade, pleased for attending the lecture and were very delighted and thankful to know about the availability of such a dedicated clinic that will help them in having a better quality of life

## Knitwear to HFH

We would like to express our sincere gratitude to Mrs. Alexandra Cappell for making us these beautiful knitwear for our newborns. These special warm knitwear were given to the poorest families who delivered at our hospital. The mothers were so happy for having these outfits that will keep their babies warm during this cold winter. Thank you Mrs Cappell and Malteser Germany for sending us these outfits.

## A Visit to HFH

Mr Jon Rewinski along with Mr Patrick Power and during their pilgrimage to the Holy Land stopped at Holy Family Hospital on February 20, 2016 to see our work. During their visited to the hospital, they were briefed about the hospital developments, achievements over the year, and our services and programs. In addition, a tour in the hospital different departments took place. We would like to thank Mr Rewinski and Mr Power for sparing some time during their pilgrimage program to visit our Hospital and witnessing our work first-hand.

## New Baby Boy

The birth of a new baby boy is magical and precious moment for the parents , thus the management committee and the staff of holy family hospital would like to congratulate Dr. Manar Fawadlehh.

Dr. Fawadleh marked the birth of her first baby boy George, on the 26th February 2016 with a good health , his weight is 3 kilogram and 51 cm tall .Also, George received a high standard medical care as the rest of our new born babies.

**We wish him a life full of success.**
