Dr. Salim Kunkar
Consultant Pediatrician

It is God's blessing to be born in Bethlehem, at the same hospital where I am working, not far from the Nativity Church. Another blessing and honor is to be part of the team that founded our pride and precious Neonatal Intensive Care Unit. This unique unit in the region made it possible for all pregnant women and in particular those at high risk pregnancies to give birth in the best conditions.

The moment of birth can affect the whole life of the child and his family for that we are here. The perinatal team is doing their best to preserve life and their greatest to assure high quality services.

Since we were recognized as a training hospital in the field of neonatology by the Palestinian Medical Council more than fifty young residents were trained. They will be our colleagues and ambassadors all over the country. We believe that it is our job to invest in the young generation.

The Sovereign Order of Malta and the Daughters of Charity with the medical, paramedical and all the personnel are carrying the message of Peace and Love in a region where Liberty, Equality and Fraternity are trying to find their place.

• A remarkable day in the records of HFH

On the afternoon of Monday 3rd June 2013, the hospital marked a wonderful eventful day, Dr. Hani Abdeen visited and joined the management committee of Holy Family Hospital. After welcoming our guests a brief presentation was done to demonstrate and to explain more about the work done throughout all these years of success and achievements. An advantages discussion took place for better services and better cooperation between the Minister of Health and Holy Family Hospital. After that a tour in all our different departments of the hospital followed.

The management of the hospital would like to express the deepest gratitude and appreciation to all those who worked hard to insure the best implementation of this hospital.
