Dr. Salameh Qumsieh
Consultant OB/GYN

As a consultant Obstetrician I am very proud to be a staff member of the HFH and the reason lies in context of the great mission of this hospital which I see in giving the best medical care available to Palestinian mothers and babies regardless of their ethnic backgrounds, religious or economic status.

Serving this mission needs commitment, support, and principles and Trust from everybody. The HFH staff showing a great strong commitment to their work

The HFH administration is working hard to maintain the principles of Sovereign Order of Malta and Daughters of Charity and providing support and help to all staff members.

Sovereign order of Malta and Daughters of charity are providing all the support needed to the hospital through their generous contribution, serving the poor sick mothers and children's while maintain high quality medical care. I had an opportunity to go to London UK for training fellowship in Obstetric (Fetal medicine) and the objective was providing a better quality care for our Palestinian women and their fetuses and this objective has been achieved since then so I am thankful for everybody.

Our resident doctors are getting the best training in obstetrics and gynecology that we can provide as the HFH is recognized by many institution as an excellent training centre in obstetrics and gynecology.

Our graduated residents are welcomed and proud everywhere they go because they are showing that they are well trained.

It is a hard task to be part of the above mentioned mission of the hospital but everyone of us (members of this mission) should believe in it , and continue working hard moving forward doing his best and at the end we all are going to be proud of what we are doing.

So your support help and donation will make you a member of this mission.

MAY'S ACTIVITY

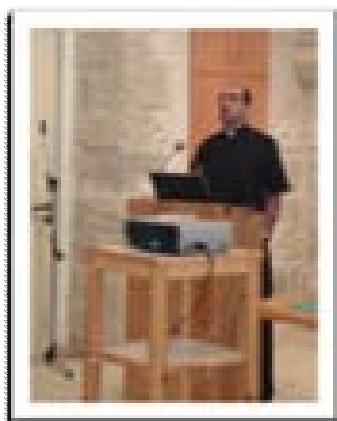

Medical Ethics lectures for Holy family Hospital's Employees

Father Iyad Twal

On the 29th of April we were honored to have such an activity at Holy Family Hospital. Father Twal, PHD degree in Epistemology–Theoretical Philosophy, participated in several ethics lectures to aware our employees more about the necessity to relate the system of moral principles that apply values and judgments to the practice of medical work. Therefore, sequences of medical ethics lectures were held to all departments and to all employees. Our employees were introduced to the philosophical study of morality, including the theory of right and wrong behavior, the theory of value (goodness and badness), and the theory of virtue and vice. Influential questions were introduced in the lecture and in counter many dominant answers were given by Father Iyad Twal.

On behalf of the Management committee of Holy Family Hospital we would like to express our gratitude to Father Iyad Twal to give us from his time and knowledge for the benefit of our employees.

A practical nurse had her new baby born

The birth of a newborn baby is the sweet new blossom of humanity. It is mainly the most magical and precious moment for the Family. Thus, the Management committee and the staff of Holy Family Hospital would like to congratulate Mrs. Randa Swai for having her first baby boy.

Mrs. Swai marked the arrival of her new baby boy Issa, in the 18th April 2013 with a good health, his weight 3,190 kilogram and 51cm tall. Also, Issa received a high standard medical care as the rest of our new born babies.

The new born angel shall bring in, loads of happy and memorable times in your life. Congratulations on the arrival of your new baby. God bless your family.

We wish him a life full of success and luck.

Congratulations!
