Editorial

Three generation

The gratitude of a baby

Group Visit

Monthly Deliveries

Statistics

September is usually the month of recovery from the summer break. A month occupied by the return to school of the children, the resumption of habits.

It is also, in Europe at least, the time when nature goes to sleep, when the leaves turn yellow, the time of the grape harvest and the first frosts.

This year the month of September is for the hospital of the Holy family, the month of renewal, a kind of spring out of time. Indeed, this year the hospital welcomed for the first time since the Covid-19 crisis and the closure of the borders it caused, its first volunteer, Sofia, a young Italian who should be joined at the beginning of October by two other compatriots.

Note that these volunteers are not from the medical field but that their arrival will allow us to carry out essential administrative work for the future of the establishment.

Welcome to the Holy Land, welcome to the Holy Family Hospital and thank you for this commitment by our side so that we can offer the best to the poorest, again and again. We also hope that your arrival marks a massive return of the volunteers who have failed us over the past two years.

A big thank you to all those who engage with us.

THREE GENERATION

Elham is 26 years old, got married in 2021 and got pregnant with her first baby, she was sure that the Holy Family Hospital was the proper place for her antenatal care.

She says: "My mother's advice was the best in my life, I did not hesitate to listen to her especially since she told me that I was born in this wonderful, amazing hospital."

On 3th September 2022, Elham came to the hospital while she was in labor, where the doctor admit her to give birth as she was in her 39th week of pregnancy.

Elham says: "When the doctor decided to transfer me from the delivery room to the operating room to give birth, I felt so comfortable with the staff, as if I was at home" and she continued, "You greeted me with a smile that calmed my fear, your human treatment and psychological support helped me a lot".

She gave birth to her new female baby 'Katalia' on 4th September 2022 with a weight of 3940 grams despite the cesarean section.

The family says: "Our baby will grow up and have a good quality of life because of you", they continue "We made the best decision to give you the confidence to take care of us during the delivery".

Thank you for everything. You will always have our love and respect.

THE GRATITUDE OF A BABY

Hadeel is 42 years old. She has been married to Anwar since 2004, they have three children and they did not plan to have another baby.

Hadeel says: "When I got pregnant, my husband and I felt calmness and we were happy about our baby and we decided to come to the Holy Family Hospital".

She required having her delivery.

Fortunately, she undergone a normal delivery while she was in her 39th week of pregnancy and she gave birth to her new baby Barthena, with a weight of 3710 grams, on 24th September 2022.

The baby needed a medical care in the NICU department for 2 days, then discharged home in a good health.

Hadeel says: "When the doctor told me that my baby Barthena was admitted to the NICU department, I felt that the world was collapsing on me, but with the medical and psychological support I get from the hospital, I remain hopeful".

She also added: "The team of the hospital welcomed me with compassion and support and they made my labor pain pass easily. You all touch my heart with your kindness and humanity".

Hadeel went on saying that she will never forget those moments: when the doctor gave her the baby to discharge her, she felt that she owned the world.

"My baby Barthena will always be grateful to the Holy Family Hospital for giving her a healthier future. We will pray for you so that God may always bless your work".

GROUP VISIT

On 30th September 2022, the Holy Family Hospital was pleased to meet the group lead by Dr. Carroll A. Brennan, that after having an overview about the hospital, visited the structure.

The Holy Family Hospital wants also to thank Mr. Erwin Ballarta for his visiting at the hospital.
