Statistics

February is the second month of the Gregorian and Julian calendar.

Its name comes from the Latin Februaries in honor of Februa. God of death and purification in Etruscan mythology. In ancient times, it was the last month of the year in the Roman calendar.

Everyone knows that February is the shortest month of the year, but do you know that it lost two days in favor of July and August to honor Jules Caesar then August.

The month of February is famous for Valentine's Day, the feast of lovers celebrated every year on February 14.

Also the Candlemas pancakes that everyone can taste on February 2 are no less famous! It is said that pancakes, with their round and golden shape, recall the solar disk, evoking the return of spring after the dark and cold winter. And it is true that the last week of February was particularly mild, here in the Holy Land.

Although short, this month of February 2023 is nonetheless an intense month for the Hospital, since the:

- 07 February The hospital received a visit from the new director of international hospitality passing through Bethlehem with a group of French pilgrims
- February 13-17 Fire defense audit by Lieutenant 1st Class Michel MONOT de Châteauroux. This Lieutenant came as a volunteer for a week at the request of the CEO to help the management committee develop and secure the hospital's fire defense
- February 20-24 visits from the new construction project manager, Mr Ruaidhri Tulloch
- February 22 Ash Wednesday we entered the time of Catholic Lent, closely followed by our Orthodox brothers who started fasting on Monday 27. This time of Lent is and remains for everyone a privileged time to be reconciled with God.
- February 28 First Management Seminar of the Hospital in an incredible place, the Cremisan Silesians Vineyard.

So enjoy it ! and may all of you have a good progress towards Easter

Baby Aleen

Diala and Marwan a small family from Beit-Sahur, they always try to choose the best for their children so that they can grow and develop properly, so they always start from the first step, which is choosing a safe place to deliver their children. Every time Diala was pregnant with a child, she would choose the Holy Family Hospital as a starting point for her child.

The Family have a five years old Daughter "Keny" and a one year old Son "Afram" who were previously born at Holy Family Hospital. As she describes "Every time she feels at home, with her family, and with people who represent humanity. Every time I come here you increase my confidence in you, your development, your medical services and your doctors are wonderful".

On 25th February 2023, Diala gave birth to her Third baby "Aleen", weighing 3.000 kilogram, she was discharged in the next day in a good health.

***We wish her luck
and happiness
ever after***

Baby Ghazal

When they knew that Tamara is Pregnant with her first baby, Tamara's mother advised her to start check-ups at Holy Family Hospital, where she said they are the best. Indeed, Tamara went to Holy Family Hospital on 27th February 2022 feeling labor pain, and she gave birth to her baby Girl "Ghazal", weighing (3590) Kg but unfortunately she needed to stay in our Neonatal intensive care unit. But we were confident that she is in a safe place.

Tamara said "when I gave birth to my child and the nurse put him into my arms, I felt that I owned the world, the hospital staff participated in attaining my happiness and the happiness of my child, they participated in achieving irreplaceable golden moments, thanks to everyone who contributed to achieving this moment as I had my experience for the first time, it was more than wonderful, you are indeed the safe place for every mother and child".

After three days in our Neonatal intensive care unit, baby ghazal was discharged in a good health.

***Heavenly Father,
We thank you for the
gift of life and for
bringing these babies
safely into this world.***

***May you bless them
and keep them,
helping them to grow
loving, strong and
heavenly in your love.***

Amen

CONGRATULATION FOR THE NEW BABY

Elsa Qumsieh, a staff Nurse in the Operating room Theatre gave birth to her first baby Boy "Khader" on February 13, 2022 at Holy Family Hospital.

Being a grandparent is a huge milestone in anyone's life and is cause for celebration. Congratulation for our Midwife .Samar Qumsieh, Our postnatal supervisor who works at Holy Family Hospital since 1992 who became a grandmother on February 12th 2023.

Welcome to the world baby Ayla. Wish you luck and success ever after.

BABY FARES

Kifah and Mahmoud from Dheisheh camp; a Palestinian refugee camp located just south of Bethlehem in the West Bank.

Kifah says, "You are indeed a hope for every mother and for every child who sees life. When I gave birth to my first child in 2021, I found everyone seeking to save the next life. For every mother and every child, they are your priorities at all times.

You are truly an upscale hospital with a professional staff.

My baby Faris, who was born weighing 4470 grams, is in good health thanks to you and your services.

Special thanks not only to the medical staff, but also to every department and every employee who welcomed us with a smile and gave us hope. I would like to thank the cleaning department for their services, as the cleanliness of the hospital gave me psychological comfort.

“Wonderful job Jesus is doing through Holy Family Hospital. We thank God of having our babies delivered at Holy Family Hospital”.

MANAGEMENT SEMINARY

Participative management is a management style that requires employee engagement. It aims to encourage commitment and develop initiatives within the work team. To do this, the manager must delegate some of his power and the teams must decide together on the solutions to be chosen.

This seminar, supposed to be held after each Board meeting, is the first step of this management. A second step will be taken with the Team Building and Professional Development program, which begins March 6.

MEET OUR NEW DOCTOR

Dr. Wissam Khair joined Holy Family Hospital according to exchange program agreement with Caritas baby hospital in June 2020. Dr. Wissam Finished his 6 months and then return back to CBH.

A job vacancy was announced by Holy Family Hospital in which Dr Khair was eager to submit for it. After 8 years working at CBH he chose our hospital to work in and be part of Holy Family Hospital team.

We are glad to have you within our Team
