Where there is always a place in the inn for all

Volume 24, issue 9

Proverbs 3:27 ~ "Do not withhold good from those to whom it is due, when it is in your power to act."

Our Laboratory Department, much like our Hospital, grows more powerful and advanced by the day, keeping up to date with the latest Medical Laboratory Science innovations, integrating new equipment and analyzers into our laboratory on a regular basis in preparation for the upcoming and highly anticipated computerization project, and our newest investment is the Advia Centaur immunoassay analyzer.

This beast joined our fleet of advanced machinery in September of this year, hitting the ground running and doing the job of the previous decommissioned machine with spectacular precision and in less time, allowing us to offer more diverse tests with higher standards keeping up with our already high level of external and internal quality control procedures that help us keep our results accurate and dependable to the highest extent, yet we're still learning the ins and outs of this new investment, but that's normal here as learning in our Laboratory never stops;

Keeping up with our traditions of helping our community and sharing the knowledge and experience, this year we excelled at training university students of Medical Laboratory Science from Bethlehem University and Al-Quds University, we hosted a group of highly motivated young men and women who were eager to observe and practice all the massive previously theoretical lessons they've learned in class in person, and proudly guided them to discover and learn the basics of our trade, professionalism, communication, time management, and having a well maintained ethical compass.

Moreover, the summer of this year brought our hospital many gifts, some were small and symbolic gestures, while others were grand and exquisite life changing events, such as the miracle that we witness daily at our beautiful establishment, new life. The laboratory department was exceptionally blessed this summer with the birth of Tala, a beautiful and adorable baby girl, to our colleague Marcel and her husband Farah!

This precious little gift also meant that Marcel was going to have a lot of work on her hands and wouldn't be able to work in the laboratory due to her maternity leave beginning almost at the same time as the busiest time of the year for our hospital. The Laboratory Department that was already slightly understaffed became more so, so we called for help!

To our aid came two volunteers, eager to learn every nook and cranny of the laboratory science profession in action, eager to selflessly help our team and our patients to the furthest extent.

Mrs. Fida' Salah Salem and Ms. Dina Samih Salamah, two outstanding young Medical Laboratory Technologists, graced our laboratory with their hard work and perseverance, mastering patient care and communication with a high level of Professionalism, running tests and evaluating results up to our really high standards, and all through meticulous time management.

These two fascinating young ladies impressed all of us at the Laboratory Department, and carved a place for themselves in our hearts, because they embody the beauty of the values of our great hospital; nurturing, witnessing, protecting the faith, and serving the poor and the sick.

Now at the end of their run with us, we, at the Laboratory Department, feel proud to have contributed in shaping the careers of these two young ladies and want to extend our deepest gratitude, and wish them happiness, success and everything good that life has to offer, and we are certain that they're on the right track to becoming two of the most outstanding and influential Medical Laboratory Specialists in our country.

Our advanced and capable Laboratory, much like our beautiful Hospital grows bigger, better and stronger by the day, and in order to keep doing that we need to keep working together, tirelessly, and contribute as much as we can to keep elevating the quality of our Healthcare.

" I SHALL RETURN"

Can you all remember Ms. Hanan Bannoura who worked at Holy Family Hospital for 26 years. The years were full of challenges and achievements, helping the poor and providing Sympathy and care to the mothers and babies!

She was retired in January 2021, but luckily her love to the hospital and her dedication to work brought her back to the hospital but in a different way.

"My affiliation to work prompted me to continue working

in the hospital as a clinical instructor for Nurses and Midwives students from Bethlehem University.

We are so proud of you Hanan! We appreciate your Positive attitude and your ability to motivate your students.

WELCOME NEW EMPLOYEES

Holy Family Hospital seeks to develop all departments, and in accordance with the development plan, the anaesthesia technician department was restructured by increasing the number of employees from one person to four anaesthesia technicians to cover 24

hours a day, 7 days a week.

Odai Qaraqe'

Ibrahim Issa

Mo'men hamdan

We are glad to have you within our team !!

HOSPITAL STAFF GIVING BIRTH

Milad Thalgieh, cashier at Holy Family Hospital since 2003.

"The moment we knew my wife is pregnant with my third baby boy, we were thrilled, happy but at the same time worried and anxious about the responsibilities we are going to have"

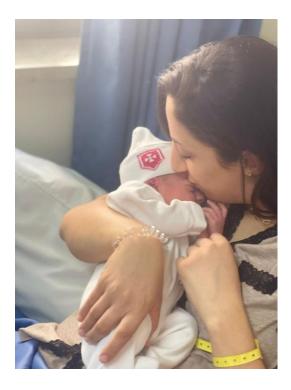

Katy received all prenatal care and follow-ups at Holy Family Hospital Clinic.

On 13th September 2023, Katy Gave birth to her third baby boy "Johnny", weighing 3720 kg and was

discharged back home the second day in a good health.

We would like to thank all the staff for their care and support and we wish for the hospital continuity and success

Heavenly Father,

We thank you for the gift of life and for bringing these babies safely into this world. May you bless them and keep them, helping them to grow loving, strong and heavenly in Your love.

 Taghreed Abu aker who joined our team in February 2021 as a cleaner now is a grandmother for the first Time.

Taghreed advised her daughter to have her prenatal care at Holy Family Hospital, where she said that they are the best. Indeed, Razan felt labor pain and immediately went to the Holy Family Hospital on 15 September 2023, where she gave birth to her first baby Boy "Hasan" weighing 2.920 kg.

Razan said "At the beginning I was really worried but at the same time I had total confidence in the medical

team of Holy Family Hospital, they made me feel like I was this really strong, amazing, warrior mom. They taught me how to trust my body. The midwives who were in delivery room brought a sense of peace, calm and positivity to the room, they were very supportive"

Thank you Holy Family Hospital

 Silvia Andonia, who has been working in the hospital since
 1997. Her Daughter Ireen gave birth to her first baby Boy
 "Lucas" on the 4th September 2023, weighing 3.420 kg in good health.

"I feel extremely thankful for my husband who Stood with me, and the midwife for her confidence and understanding of what I needed and when. Holy Family Hospital's team seemed to be there to support me and create a safe space so I could comfortably and confidently give birth to my baby.

Congratulations on the birth of your precious children , may they will be happy , and make a lifetime of incredible memories with you all.

"WE NEED TO SEE EACH CHILD AS A GIFT TO BE WELCOMED, CHERISHED AND PROTECTED" POPE FRANCIS

HFH VISIT

Holy Family Hospital honoured with the Visit of Chaplain and members of the Philadelphia Region of the Federal Association of the Order of Malta to Holy Family Hospital.

As John Hoy described "Father Brody, Karen and I wish to express our gratitude and sincere appreciation to you. It was a revelation to Karen and me to see the improvements made since our last visit and to witness the ongoing construction which will enable the Hospital to serve even more of the healthcare needs of the deserving women and new-borns of Palestine. Father Brody was especially moved by the Hospital's work and is contemplating, as Hugh knows, how best his parish school can participate in the Hospital's mission. God bless all of you who serve so willingly and selflessly".

LIFE IS A GIFT NOT A GUARANTEE. WE PRAY FOR ALL THE BABIES & FAMILIES AT THE NICU HOPING ALL OUR BABIES GO HOME AS SOON AS POSSIBLE AND AS HEALTHY AS POSSIBLE."
